

BUSINESS ANTHROPOLOGY, CERTIFICATE

The **Business Anthropology certificate** is designed to increase the marketability of individuals interested in working in cross-cultural and international work environments by sharpening interpersonal and critical-thinking skill-sets as it relates to working in these environments. In addition, the Business Anthropology certificate will provide a competitive advantage for students seeking placement in a four-year college for applied anthropology. The four classes will cover a broad range of anthropological topics including methods, business anthropology, and cultural anthropology, with a focus on holism (understanding how various aspects of a society are integrated such as family, gender roles, economics, religion and politics), critical thinking and problem solving. The program emphasizes a practical, interdisciplinary, real world approach to anthropology with the purpose of attaining employment outside of academia. This certificate requires 14 credits in the courses listed below.
