

# DIAGNOSTIC MEDICAL IMAGING RADIOGRAPHY, A.A.S.

The Radiologic Technology program (DMIR) in diagnostic medical radiography (X-ray technology) includes extensive clinical experience. Upon successful completion of the program, students are eligible for certification through the American Registry of Radiologic Technologists (ARRT); licensure is required for employment in the field in the state of Illinois through the Illinois Emergency Management Agency (IEMA). This program is accredited by the Joint Review Committee on Education in Radiologic Technology (JRCERT).

Students must achieve a grade of C or better in all DMIR courses to earn an Associate of Applied Science (AAS) degree in DMIR.
