

URBAN FARMING, CERTIFICATE

The Urban Farming Certificate program offers a hands-on approach in the practice of raising food in urban and suburban areas. Urban Farming can be many things which can include a schoolyard, a vegetable garden teaching students' healthy habits, a vacant lot growing food for neighborhood families, a church garden feeding the hungry or an entrepreneur's acre supplying restaurants and farmers markets.

For more information about Horticulture, please visit the program page (<http://www.cod.edu/horticulture/>).
