DIGITAL PHOTOGRAPHY, CERTIFICATE

The **Digital Photography certificate** is designed to provide students with the entry level skills necessary to make, manage, and manipulate digital photographs. It is especially suited to students who have knowledge in digital image making or already have a degree in another field. The certificate can serve as the first step to completing the AAS degree in Photography Technology. This certificate requires 15 credits in the courses listed below.

For more information about Photography, please visit the program page (http://www.cod.edu/photography/).
